MEMORANDUM FOR THE RECORD

SUBJECT: Senate Select Committee on Intelligence Request for Mailing  
Addresses for SCI Material

1. On 28 July 1977, Mr. Ben Marshall, SSCI, advised he would like addresses for several departments and agencies to which he could send information of varying classifications.

2. This matter was discussed with [ ] Deputy Director of Security/CIA. It was agreed that rather than attempt to furnish an SCI address listing, Mr. Marshall should be furnished the name of [ ] Special Security Center/CIA, telephone number [ ] for any addresses needed regarding the sending of SCI material. Since mailing addresses for other than SCI information is too fluid and constantly changing, it was agreed no meaningful listing could be furnished Mr. Marshall.

3. The data set forth in Paragraph 2 above was furnished Mr. Marshall and he was appreciative of this assistance.
